Registration: 25/27953

Institutional username: ug2527953@ines.ac.rw

Verification code: AI-A2-7953

I confirm, after my own review, that the submitted work and explanations accurately represent my understanding; that assistance is disclosed in evidence/AI_USE.md; that I can explain and modify the system; and that the dataset is synthetic. I understand that I must not make false authorship, execution, signature, or evidence claims.

This document was generated as an UNSIGNED TEMPLATE. It is not a declaration until Kawaya personally reviews and signs it.
