# Automated test execution log

**Student: Kawaya Gueylord | Verification: AI-A2-7953**

Environment: Python 3.12.3 on Linux-7.0.0-38-generic-x86_64-with-glibc2.39

## Command executed

python -m pytest -q

## Observed result

16 passed, 1 dependency deprecation warning in 2.60 seconds. Exit code: 0.

Negative-path coverage includes missing input, wrong type, out-of-range value, extra field, seed mismatch, invalid CLI input and HTTP 422 behavior.
